Rajath Manjunath

Location: Bengaluru, India
Mobile: +91 9591691464
Email: rajathm64@gmail.com

I am an enthusiastic and determined Computer Science Engineering Graduate having Work Experience in Both Industry and Research Development Domains

EXPERIENCE

Klub, Bengaluru, India — Data Intern

August 2022 - October 2022

● Wrote SQL queries to create Dashboards in Redash using data from PostgreSQL Database and Performed Data Sanity Checks on Google Sheets to check the accuracy of organisation reports.

●Wrote SQL Queries to create Dashboards for Disbursal TAT(Turn Around Time) from Klub Production PostgreSQL Database.

Arizona State University, Tempe, USA — Big Data Systems Research Student

August 2021 - May 2022

● Worked as a Graduate Student in the Ira. A Fulton Schools of Engineering School of Computing and Augmented Intelligence (SCAI)

● Studied Courses on Statistical Machine Learning, Data Mining, Distributed Database Systems, Data Visualization, Database Management System Implementation and Foundations of Algorithms

Squibix Digital Private limited, Bengaluru, India — Blockchain Software Developer

August 2020 - August 2021

● Proposed a Mathematical Financial Model and developed a PoC to create an AI-based Central Bank, which can regulate the volume of circulation of MetaMUI Digital Currency based on Financial Big Data generated from the MetaMUI Blockchain

EDUCATION

MS Ramaiah Institute of Technology, Bengaluru — *Bachelor of Engineering (B.E) in Computer Science and Engineering*

AUGUST 2016 - AUGUST 2020

● Graduated with First Class Distinction

● Got Admission through securing a Rank of 435 in the Karnataka State CET (Engineering) Entrance Exam in 2016

SKILLS

- Python
- Blockchain
- Tableau
- Database Systems
- SQL
- Microsoft Power BI
- Data Analysis
- Data Visualization
- Microsoft Office
- Strong Analytical and Problem Solving Skills
- Excellent Communication Skills
- Team Work and Collaboration

CERTIFICATIONS

- Data Science for Engineers - NPTEL
- AWS Fundamentals - Coursera
- SQL and Data Visualization - Udemy
- Tableau Desktop Professional
